Synchronized Skating

Free Skating

A team shall consist of 12 to 16 skaters and may include both ladies and men.

Skaters must meet the age requirements as stated in this announcement.

The Free Program must be skated according to ISU Rules 2008 (Special Regulations Synchronized Skating 2008, Technical Rules Synchronized Skating, ISU Communications No. 1393, 1529 and 1532).

The Synchronized Skating competition will not be held unless at least three (3) teams are entered.

The teams must skate a balanced Free Skating Program which may contain the following eight (8) elements

- * one (1) block;
- * one (1) circle;
- * one (1) line;
- * one (1) wheel;
- * two (2) intersections;
- * one (1) movement in isolation;
- * one (1) element to be selected from block, circle or line.

The first executed element and the first two executed intersections will be taken into consideration as elements with a value, will be called and will consequently also count for points.

Other elements may be incorporated into the Free Skating Program and will be judged as transitions and/or choreography components.

Definitions of recommended elements are in accordance with Rule 911, paragraph 4. The illegal elements are following the restrictions in Junior Free Skating, Rule 912, paragraph 10 b.

Holds: Minimum of three (3) different recognizable holds are required. There will be a deduction made by the Referee if there are not the required numbers of holds in the program.

Duration: Minimum of 2:30 min and a maximum of 3:30 min.

Factors Free Skating: for Program Components 1.6

Music Vocal music using lyrics is permitted. Rule 911, paragraph 1 i) shall apply.

**Artistic Free Skating**

There will be two "Artistic Free Skating Events" for Ladies
Ladies Masters/Gold
Ladies Silver/Bronze

and two "Artistic Free Skating Events" for Men
Mens Masters/ Gold
Mens Silver/Bronze

Duration: The maximum time is 1 minute and 40 seconds but may be less.

Vocal music is permitted

The artistic event will be judged **only** on the basis of Presentation Components (program components):

- Skating skills
- Transitions
- Performance/Execution
- Choreography/Composition
- Interpretation/Timing

There will be no technical panel and no technical mark given. (see ISU Special Regulations and Technical Rules 2008, Singles & Pair Skating, Rule 522, paragraph 2 for a detailed description of Program Components.) The respective Rules can be found on the ISU website.

The artistic program consists of a variety of skating moves selected for their value in enhancing the skater's interpretation of the music rather than for their technical difficulty. Skaters will be judged on their ability to interpret the music and develop a theme by using their skating skills.

The artistic free skate is a competitive program which must include elements of the sport of figure skating. At least one (1) but a maximum of two (2) single jumps and at least one (1) but a maximum of two (2) spins **MUST** be included. No axel type jump or double jumps are allowed. No combination jumps are allowed. Credit for jumps and spins is based solely on the ability of such movements to enhance the chosen theme and support the music. Credit will not be given for their technical difficulty.

Any element exceeding the maximum number as set forth above will be judged as an illegal element (2.0 deduction); if there is no jump or no spin element included or only a jump and no spin or vice versa a deduction for a "missing element" of **2.0** will be made. The Referee is responsible for such deductions.

Costumes should be simple, tasteful and selected to enhance the performance by appropriately reflecting the character of the music and theme.

Props may not be used in any part of the artistic programs. Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges table are **not permitted**. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted.

Illegal elements:
